### Step 2

**Retrofitting of the new hinge version to the old one:**

1. Place the assembled hinge as shown on desk
2. Pull up the left side of the hinge 90° by shifting it up and then to the left so that the parts are no more connected
3. Attach the old part with a 90° angle to the other part. Pull it right and down so that both parts are together again.
4. The complete hinge can be mounted to the Fiber Tray again
