

INVITATION

Meet your Expert Partner for Network Densification - @ MWC Barcelona!

We kindly invite you to join us at the world's largest gathering for the mobile industry.

You will find us in **Hall 6, Booth #6H21**, hosted by the **Swiss Pavilion**.

Come and see us there, we would enjoy sharing with you the latest news around our products and solutions and discussing together how we can support you in mastering the challenges in mobile network evolution on your way to 5G – ready to “*create a better future*”, together.

HUBER+SUHNER will be showcasing its latest **Network Densification** solutions addressing evolving **5G** requirements covering topics like:

- Macro Cell Connectivity
- Small Cell & DAS Solutions
- Converters for Active Management of Cell Site/C-RAN-Hub Interconnect
- Optical Fiber Management at Central Office and Cell Site
- All Optical Switching for Network Monitoring and Protection
- RF Solutions, Antennas, Connectors, Field Cabling and RF over Fiber Transmission

Experts for Network Densification

We are looking forward to meeting you in Barcelona!
