### **HUBER+SUHNER – strong development in the first half year 2016**

In the first months of the current year the business development of HUBER+SUHNER was very positive. From today's perspective, the company expects an increase of net sales of more than 5 % for the first half of the year 2016 compared to the previous first half. Also extremely positive is the development of the profitability. HUBER+SUHNER expects a net profit significantly higher than in the previous year's period and an EBIT margin exceeding the mid-term target range of 6–9 % slightly.

HUBER+SUHNER will present the detailed half-year results and the outlook on the full year 2016 at its media and analysts' conference of 30 August 2016 in Pfaeffikon ZH.

#### **HUBER+SUHNER Group**

HUBER+SUHNER is a global company with headquarters in Switzerland that develops and manufactures components and system solutions for electrical and optical connectivity. With cables, connectors and systems – developed from the three core technologies of radio frequency, fiber optics and low frequency – the company serves customers in the communication, transportation and industrial sectors. The products deliver high performance, quality, reliability and long life – even under harsh environment conditions. Our global production network, combined with group companies and agencies in over 60 countries, puts HUBER+SUHNER close to its customers. Further information on the company can be found at [hubersuhner.com](http://hubersuhner.com).
